

# Vipin Vasanthan, PRINCE2®, ITIL V3, AI PM (IIT Madras)

Senior Project Manager – IT, Technical & Gen-AI | Digital Transformation & Core Banking | Data-Driven Delivery & Risk Management

Abu Dhabi, UAE (GCC Driving License) | +971 56 2707267 | vipinnairvas@gmail.com

[Vipin's LinkedIn](#)

Results-driven Senior Project Manager – IT, Technical & Gen-AI with 13+ years of experience delivering data-driven digital transformation, core banking, and enterprise technology programs across \$6M+ in combined initiative value for global clients including HSBC, Citibank Europe, First Abu Dhabi Bank, and Mashreq Bank. PRINCE2® certified with deep technical program management expertise spanning cloud infrastructure, ERP/SaaS platforms, and Gen-AI solution delivery. Proven track record managing cross-functional IT and engineering teams across 7+ countries and 7+ banking institutions, developing governance frameworks and executive reporting models that improved decision-making speed by 25% and on-time delivery by 20%. Skilled in cloud migration (AWS, Azure, GCP), ERP/SaaS implementation, and Agile/Waterfall delivery, with hands-on experience deploying Gen-AI and AI chatbot solutions, and ensuring PCI-DSS/DPDP regulatory compliance.

## Work Experience

---

### Senior Project Manager | Tally Solutions | Bengaluru, India | 10/2023 – Present

- **Program Leadership & Governance:** Lead end-to-end delivery of 10+ concurrent digital transformation and enterprise technology programs, translating business priorities into structured roadmaps and aligning leadership stakeholders across engineering, compliance, and business teams.
- **Executive Reporting & Decision Support:** Shaped governance models and executive reporting frameworks that improved decision-making speed by 25% and strengthened organizational visibility across all active initiatives.
- **AI & Gen - AI Solution Delivery:** Directed deployment of an AI-powered chatbot and Gen-AI Text2SQL solution, improving support and data-access efficiency by approximately 15% while enhancing customer self-service and analytics accessibility.
- **Cloud Migration & Cost Optimization:** Supervised organization-wide AWS→GCP cloud migration program, driving platform modernization and zero-downtime transition controls that delivered approximately \$100K in infrastructure cost savings.
- **Risk & Compliance Management:** Identified delivery risks and cross-functional dependencies early, enabling faster course correction; led the DPDP compliance program, strengthening enterprise data governance and audit readiness.

### Senior Project Manager | CloudMoyo | Bengaluru, India | 03/2022 – 09/2023

- **Enterprise Transformation Delivery:** Directed enterprise transformation programs for 6–10 global clients valued at approximately \$500K–\$1M each, structuring initiatives across business process alignment, system implementation, and change readiness.
- **Stakeholder & Requirements Management:** Partnered with client stakeholders, product teams, and technical teams to convert complex requirements into execution roadmaps and implementation plans, improving milestone adherence by approximately 10%.
- **Cross-Functional Workshop Facilitation:** Led cross-functional workshops to identify challenges, define priorities, and align stakeholders on transformation goals, dependencies, and measurable business outcomes.

### Engineering Project Manager | Broadcom | Bengaluru, India | 12/2017 – 03/2022

- **Multi-Country Program Governance:** Led complex transformation programs spanning 7–10 countries for major financial institutions, coordinating global teams across business, product, engineering, QA, and security functions.
- **Delivery Control & Audit Readiness:** Governed structured SDLC execution through project plans, RAID logs, milestone tracking, and stage reviews, improving on-time delivery by approximately 20% across initiatives valued at over \$1M.
- **Payment Security Implementation:** Guided multi-country EMV 3-D Secure 2.0 implementations for HSBC, Citibank Europe, and First Abu Dhabi Bank, improving transaction approval rates by approximately 25% while ensuring PCI-DSS compliance.
- **Fraud Management Platform Rollouts:** Directed Enterprise Fraud Management platform rollouts for Mashreq Bank, NBAD, RBL Bank, and Axis Bank — improving fraud detection effectiveness by approximately 15% across 7+ banking institutions.
- **Executive Dashboards & Governance Routines:** Developed performance dashboards and governance routines that improved visibility, issue resolution, and cross-functional alignment for senior leadership stakeholders.

### Project Manager | Wibmo | Bengaluru, India | 03/2016 – 12/2017

- **Platform Enhancement Delivery:** Managed strategic platform enhancement initiatives valued at \$500K+ for 6+ major banking clients, aligning business, technology, risk, and security teams on delivery priorities.
- **Regulatory Requirement Translation:** Translated complex business and regulatory requirements into structured project plans, coordinating workstreams and measurable implementation milestones.
- **Stakeholder Risk Monitoring:** Monitored progress across multiple stakeholders, identified risks proactively, and drove corrective actions to maintain delivery quality and timeline adherence.

### Implementation Specialist | Replicon | Bengaluru, India | 07/2012 – 07/2015

### IT Procurement Manager | Vizocom | Dubai, UAE | 01/2011 – 07/2011

## Education

---

AIIBM | Bachelor of Business Administration | 2008

## Professional Qualifications and Certifications

---

PRINCE2® Certified Project Manager | 2024 | AXELOS

Mastering Agentic AI Applications | 2026 | IIT Madras

Gen-AI for Project Managers | 2023 | PMI

Project Management Skills for Leaders | 2024

ITIL® V3 Foundation | 2012

Six Sigma Foundations | 2023

Microsoft Certified Systems Engineer (MCSE) | 2010

Cisco Certified Network Associate (CCNA) | 2010

## Core Skills & Competencies

---

**Program & Risk Management:** RAID Log Management, Milestone Tracking, Governance Frameworks, Stage Reviews, Escalation Management, PMO Governance, Risk Identification & Mitigation, Issue Resolution

**Methodologies:** PRINCE2, ITIL V3, Agile, Waterfall, SDLC, Six Sigma, Change Management

**Banking & Payments Domain:** Core Banking, EMV 3-D Secure 2.0, Digital Wallets, Enterprise Fraud Management, PCI-DSS Compliance, DPDP Compliance, Financial Market Infrastructure

**Cloud & Infrastructure:** AWS, Microsoft Azure (Infrastructure Deployment & Migration), Google Cloud Platform (GCP), Cloud Migration, Kubernetes, GKE, Cloud-Native Architecture, Infrastructure Modernization

**ERP, SaaS & Integrations:** ERP/CRM Integrations, SaaS Application Lifecycle, Icertis CLM, Requirements Gathering, UAT Coordination, Data Migration, Go-Live Management

**AI & Digital Transformation:** Gen-AI Solution Delivery, AI Chatbot Implementation, Text2SQL, Digital Transformation Strategy, Innovation Program Execution

**Tools & Platforms:** JIRA, Confluence, Azure DevOps, Power BI, Microsoft Project, SharePoint, Smartsheet, Microsoft Office Suite (Excel, PowerPoint, Word, Visio)

**Stakeholder & Vendor Management:** Executive Stakeholder Engagement, Vendor & SLA Management, Cross-Functional Team Leadership, International & Matrix Team Collaboration, Conflict Resolution, Client-Facing Delivery
